Started in 2005 in Val d'Isere by Tess who lives here full time with her 2 year old Daughter and 8 month old son. We quickly and organically grew as our families asked for more nannies and more resorts. Meribel, Courchevel and La Tania were by popular demand and we know from our own experience they are magical places for children and very child friendly. New resorts for this year include La Plagne and La Rosiere.

We understand that we are only as good as our nannies, which is why we have become experts in recruitment and the process is rigorous. t4 Nannies are first aid trained, DBS (previously CRB) checked, have 2 written references with a minimum 1 year's experience and that is before they are even chosen for interview! This held face to face in London after which if successful all references are checked.

t4 Nanny is NOT an agent which ensures you will never get a temporary nanny who doesn't know his/her way around resort or worse has not been trained properly which regards to altitude such as dehydration, sun protection, fatigue and much more.

We think being a t4 nanny is the best job in the world!

T4's nannies are the loveliest in the Alps. We know because our families tell us so, and because we hand pick nannies who share our belief that undivided attention, fun and getting involved are the key ingredients to a happy family holiday.

Unlike every other nanny service, we hire our nannies for the full season, so we personally know and trust the people who will be looking after your children.

You can meet our nannies on our website www.t4nanny.com - all of whom are DBS checked (previously CRB), first aid trained and come with glowing references! Ski resorts are a magical place for children, and T4 nannies are proud to offer fun, flexible and creative childcare in Val d'Isere, Tignes, Meribel, Courchevel, La Rosiers, La Plagne and La Tania.
